

***Thank you***  
**To our community**

The management team of “The Hamlets at Penticton” would like to take this opportunity to extend a sincere “Thank You” to our community for their expressions of concern and their support for the many people – staff, residents, neighbours and the construction team – affected by the horrific fire on April 6, 2008. Most importantly, we extend our heartfelt thanks and appreciation to the Penticton Fire Department and the RCMP for their tremendous efforts and diligent follow-up in the days following the fire.

We greatly value the continued encouragement of the community as we now proceed with the restoration and rebuilding process and will work diligently in order to complete “The Hamlets at Penticton” as quickly as possible.

*“Excellence in Campus Care”*
